STUDENT SERVICES & PERSONAL COUNSELLING POLICY

Sydney Rudolf Steiner College offers individual consultation to its students.

Students are advised that matters related to personal study can be addressed to the tutor with whom they would like to speak or to the course coordinator. Depending on the nature of the question or situation the coordinator may refer the student to the person being considered as most suitable to address the problem. Individual experience and training of tutors in relation to being able to provide counselling will be taken into consideration.

Depending on the nature of the personal life situation the student may wish or require counselling on an ongoing basis. In such a case students are directed to counselling outside the College.

The attached list names people, who may be of assistance and have an Anthroposophical background. Please note that there may be professional fees involved.
